# TONOPAH DAILY BONANZA

"This paper is different from other newspapers, and I thank the Gods of Verse and Prose that it is different."

VOL V. NO. 101

TONOPAH, NEVADA, SATURDAY MORNING, FEBRUARY 20, 1909.

PRICE 10 CENTS.

## HENEY MAKES AN ACCUSATION

### THREE MINERS KILLED IN ANGELS CAMP

(By Associated Press.)  
ANGELS (Cal.), Feb. 19.—While working in the Cross shaft of the Utica mine three miners were killed and one seriously injured today. The men were getting ready to eat lunch when the cave occurred at the 700-foot level and tons of rock fell, which buried the bodies.

### HIGH HEELS A BARRIER

(By Associated Press.)  
NEWARK (N. J.), Feb. 19.—Two women who wore high French heels have lost damage suits here against the public service commission, which controls the electric lines in this city. Both sought damages for injuries while alighting from street cars, but witnesses testified the women wore very high heels and counsel for the company argued that for this reason they had tripped and fallen, due to no fault or neglect of the company.

### POWER COMPANIES TO BLAST ICE JAM

(By Associated Press.)  
NIAGARA FALLS (N. Y.), Feb. 19.—The ice jam in the Niagara river has become so serious that power companies have resorted to blasting in the hope of increasing the flow of water. Thousands of visitors are coming to the city to view the ice spectacle. The stream in the American channel early today was no larger than a small creek.

### BATTLESHIP MAINE MAY BE RAISED

(By Associated Press.)  
WASHINGTON, Feb. 19.—The house committee on appropriations is to include in the sundry civil bill an item looking to the ultimate raising of the battleship Maine, the wreck of which still remains in Havana harbor. The subcommittee which is preparing the bill, has decided to insert a clause which provides for a commission which will be directed to investigate the condition of the wreck and determine the feasibility and cost of raising it.

### FREIGHT REPORT FOR CALIFORNIA

(By Associated Press.)  
SAN FRANCISCO, Feb. 19.—During the fiscal year, 1907-1908, California roads carried nearly 33,000,000 tons of freight, according to the annual report of the state commissioners. Fourteen million were carried by the Southern Pacific, 14,000,000 by the Santa Fe, 2,000,000 by the Salt Lake road, and the remainder by the smaller roads. More than 1500 tons of liquor were hauled during the same space of time, the larger portion of it coming to San Francisco.

**JEWELS STOLEN.**  
RICHMOND (Va.), Feb. 19.—Advices from Pinehurst, North Carolina, a winter resort, are that the office of the express company there was robbed of diamonds and jewelry valued at about \$200,000 on the night of February 9. The jewelry had been sent, it is stated for the inspection and approval of various wealthy northerners wintering at Pinehurst.

### CHARGES THAT ACH KNEW OF THE ATTEMPTED ASSASSINATION

(Associated Press.)  
SAN FRANCISCO, Feb. 19.—Reviving his attempted assassination last November, Francis J. Heney today charged that Henry Ach, the attorney for Abraham Ruef, the convicted political boss, knew of the intention of Morris Haas to shoot the prosecutor. The accusation was flung at the attorneys for the defense during the course of the most heated exchanges during the trial of Patrick Calhoun, and before the session assumed its usual calmness Judge Lawlor threatened the two belligerent attorneys with imprisonment in the county jail. Adolphus S. Hubbard, an elderly salesman, whose time is occupied by fraternal association duties, was under examination when the outbreak occurred. A. A. Moore in taking an exception to Heney's tone to an objection of a question put the salesman by Earl Rogers, said: "A few days ago Heney in the course of his examination of Mr. Sam Leake turned to the attorneys at this table and said he had established a line over which no man dared to pass in the future. Are we to understand that his retainers with sword or pistol will endeavor to maintain that line?" Heney replied that he was not on trial and that he did not propose to be tried during the trial of Patrick Calhoun. "I have taken more insults during the past six months than I will ever take again. For all that time I stood the abuse of Henry Ach, and I am satisfied that Henry Ach had a personal knowledge before hand that Morris Haas intended to kill me. Hereafter I don't intend that any scurrilous reflection shall be cast upon me. My character is not an issue here nor do I believe that Burns or Langdon have been put on trial." A. A. Moore, replying to Heney's address, said: "Heney makes a mistake of creating men of straw and blowing them over. He says in a bellicose way that he won't permit this or that, but I doubt if we are obliged to regard his prohibitions." The court finally interrupted and directed Moore to resume his seat, and when that attorney asked: "Which seat?" the court with unusual severity, said: "If you attempt to act flippantly toward this court you will occupy a seat in the county jail." Judge Lawlor informed the attorneys that he had given them more than the usual measure of liberty during the trial, and while he didn't wish to appear in the capacity of a pedagogue directing school boys, he would not tolerate any further breaches of decorum. Juror Hubbard at his request was excused for business reasons. The judge then ordered an adjournment until next Tuesday. A single seat in the jury box remains to be filled before the peremptory challenges are used.

## TAFT MADE A "KNOCKER AT SIGHT" AT FAREWELL DINNER

### DECLARES THAT JAPANESE FORM VALUABLE ELEMENT

(By Associated Press.)  
HONOLULU, Feb. 19.—The lower house of the Hawaiian legislature today adopted Representative Douthitt's concurrent resolution endorsing President Roosevelt's recent effort to prevent the legislation of the states which was prejudicial to the rights of the Japanese, and his endeavors by fair and friendly treatment to preserve the amicable relations that have so long existed between Japan and America. It also congratulates the legislature of California, Nevada, Oregon and other states for defeating this undesirable legislation, and declares the Japanese form a valuable element in the industrial prosperity of the Hawaiian islands, where they live in friendly association with all citizens.

**THE METAL MARKET.**  
(By Associated Press.)  
NEW YORK, Feb. 19.—Lead, dull, 3.975 @ 4.025; copper, dull, weak, 13.00 @ 13.25; silver, 50.75.

### Fellow Citizens in Cincinnati Confer Honor Upon the President-Elect.

(By Associated Press.)  
CINCINNATI, Feb. 19.—President-elect Taft was tonight made a "Knocker at sight." The Cincinnati Knocker association is an auxiliary of its business men's club. Its particular business is to knock hard everything which arises to hinder the undertakings made for the city's welfare. It is unique in that it had no origin and no one knows who are members. The president-elect was not permitted to make a speech, which was interpreted as a delicate compliment from his townsmen, who, in fact, were saying farewell to him as a private citizen. The tension upon Taft was made even lighter than freedom from speaking, as a skillfully made up "double" represented him in the entertainment features was occupying a conspicuous place at a raised table with "Uncle Sam" and "Miss Columbia." Fifteen Knockers were dressed to represent fifteen foreign nations, and a message to the president-elect came from each. Emperor Williams' wireless message was to announce to Taft a kiss for each cheek and the hope that the senate would not find it necessary to reduce the presidential salary before the new president could get in. An Irish cook from the palace of King Edward paid England's tribute, and she at once began to "make terms": "Little Charlie must not be boss at the white house;" "Charles P. must not live with brother" was assured her before she would remain. With hands upon Taft's cranium, Persia's representative told the assembled Knockers of the thoughts passing through his brains. One was: "He is just now congratulating himself that he was made a 'Mason at sight' and so is the goat."

### COURT GRANTS REPRIEVE AT LAST HOUR

(By Associated Press.)  
LINCOLN (Nebr.), Feb. 19.—With only one hour to live under the terms of the death warrant, R. Mead Shumway was reprieved by the supreme court this afternoon and a stay of sentence was granted until March 5. Shumway was condemned to die for the murder of Mrs. Sarah Martin on September 3, 1907, and had prepared to die. He had put on the death suit, eaten his last dinner, heard the death warrant read to him and listened to the ministrations of a clergyman. A crowd of 150 waited in the cold broom corn warehouse and the hangman was leaning against the scaffold waiting for the victim when the warden brought the news of reprieve. The evidence on which Shumway was convicted was purely circumstantial.

**SCHOOLS CLOSED MONDAY.**  
No classes will be held in Tonopah public schools on Monday, that being Washington's birthday.

## LOCAL OPTION LAW HAS BEEN INTRODUCED IN THE ASSEMBLY

### KANSAS WILL BECOME A DRY STATE

(By Associated Press.)  
TOPEKA, Feb. 19.—In concurrence with the house amendments in the senate, the legislature today passed an absolute prohibition bill. The measure provides that even physicians shall not prescribe liquor for the use of patients. The bill provides that any person who shall sell or barter any spirituous, malt, vinous, fermented or other intoxicating liquors shall be guilty of a misdemeanor and the punishment is a fine for each offense from \$100 to \$500, or imprisonment from thirty to ninety days in jail.

(Associated Press.)  
CARSON, Feb. 19.—In the morning session of the assembly an attempt was made to kill the sheep inspector bill, but the measure was passed. The game law providing a \$1 tax on all guns was passed by the lower house as amended by the senate. Neill's bill providing for an additional judge of the third district, from the present outlook, is likely to pass. The senate spent the morning considering the appropriation bills as a committee of the whole. A direct primary law composite bill, which is drawn from the Wright bill on the California and Oregon law, has been framed by Senator Pyne. The law practically does away with conventions. The pure food bill that passed the assembly was lost in the senate, and upon Mack changing his vote the bill will be reconsidered Tuesday. The Yukon exposition bill which also passed the assembly was only saved from defeat by postponement. It will come up next Wednesday. The assembly was busy during the afternoon session on local bills and nothing relative to gambling was taken up. Assemblyman Winters introduced a local option law which provides for a special election in counties that care to take up the question. The bill is known as No. 1212, and is in the committee. Winters declares that his intention is to allow any community to close its saloons without a reference to the state at large. Both houses adjourned until Tuesday in order to observe Washington's birthday.

### JEM DRISCOLL SLIGHTLY BESTS ABE ATTELL

(By Associated Press.)  
NEW YORK, Feb. 19.—Jem Driscoll, the English featherweight champion, and Abe Attell of San Francisco, the world's champion of that class, met in a ten-round bout tonight at the National Athletic club. Driscoll had a shade the better of the contest. No decision was given as the laws of the state do not permit decisions to be rendered in boxing contests. At the conclusion of the contest both men were in good condition.

### CRIMINAL SUIT AGAINST MINING MAN DISMISSED

(By Associated Press.)  
LOS ANGELES, Feb. 19.—Upon a motion by the district attorney Judge Wilbur today dismissed the criminal complaint against C. J. Callahan, assaying expert of the Gold Bullfrog Mining and Milling company, who was indicted jointly with Fred Nash, the secretary of the company, for the alleged issuance of false prospectus of that corporation. Nash was acquitted.

### DIES FROM VITROL BURNS

NEW YORK, Feb. 19.—Mrs. Amelia Zittink, who, with her 8-year-old daughter, was taken to Bellevue hospital suffering from fearful vitrol burns on the face and body, which she said, were inflicted by her husband, is dead. The child will probably recover.

### PRESENTS RUG TO WHITE HOUSE

(By Associated Press.)  
WASHINGTON, Feb. 19.—A rug said to be worth more than \$50,000 was presented to the white house today as a gift to the nation, and was accepted by President Roosevelt. The donor was H. H. Topkayan, a rich Armenian of New York City.

### INDIAN WAR CHIEF HAD A HISTORY

(By Associated Press.)  
LAWTON (Okla.), Feb. 19.—Geronimo, the old Indian war chief, who died at Fort Sill Wednesday, was laid at rest in the Apache burial ground, northeast of the army post today. The Rev. L. L. Legters, the Indian missionary, conducted the services which were similar to the old Apache burial services. The war department officials had set aside today as a holiday for the Apache prisoners of war at Fort Sill and the 200 warriors joined in the slow procession that carried the remains of their hero leader to their final resting place. It was only by a great effort that Geronimo's widow was kept yesterday from killing the old warrior's sorrel driving horse, his favorite, so that it might pass on with him to the happy hunting ground. Four years ago, when Geronimo was much alarmed at the injuries which he received from a fall from his horse, he joined the "reformed church."

He was suspended from the church two years later because of excessive drinking, gambling and otherwise breaking the rules of the church. Asa Duckleg, who has been acting chief of the Apache in all their dealings with the government, will likely succeed Geronimo. Duckleg is the last of the hereditary chiefs of the Chiricahua branch of the Apaches, to which Geronimo belonged.

### PANIC STRICKEN GIRLS RESCUED

(By Associated Press.)  
CHICAGO, Feb. 19.—Many panic-stricken girls leaped from first-floor windows, and firemen rescued many others, at a fire in the plant of the Kinley Manufacturing company, at 263 Hoyne avenue today. All of the 325 employes are said to have escaped.
